

# BA-200

## Black Arrow Antenna

Sky Blue Antenna

### Features

- Designed for the precise digital frequency bands for true HD performance.
- BoomLock™ manufacturing technology – developed and patented by Hills.
- Matched balun for best MER performance and lowest insertion loss.
- Ultrasonically sealed balun prevents water ingress for maximum reliability.
- Strong mechanical construction which is also lightweight and compact
- Made from Aluminium for superior corrosion resistance.
- Metal clamp brackets are Hot Dipped Galvanised
- Fasteners are Class 3 plated (1,000-hour Neutral Salt Spray)
- Plastics parts are UV stable for prolong outdoor use

The Tru-Band Antennas are a revolutionary new combination antenna that have been designed for the digital-only TV environment.

The Tru-Band™ Black Arrow has additional gain for lower signal areas and comes in a modern and sensational all-black finish for low visual impact.

### Specifications

Part #	Product Name	Design	Reflector	Signal Strength	VHF Channels	VHF Gain	UHF Channels	UHF Gain	Colour	Balun
BA-200	Black Arrow	HYBRID LOG	Single Element	Fringe	7-13	7-9dB	14-45	7-10dB	Black	PCB Diplexer

### Accessories

- BA-200-UHF+ which is a +3dB extra UHF gain YAGI boom to replace the standard 6-element front.
- BA-Support which is a cantilever mounting support boom to provide extra strength.
